

Amendments to the Specification:

Please make the following amendments to the specification. Material to be inserted in replacement paragraphs or sections is in **bold and underline**, and material to be deleted is in ~~strikeout~~ and/or in [[double brackets]] if the deletion would be difficult to see.

Please add the following new paragraphs to the end of the section titled BRIEF DESCRIPTION OF THE DRAWINGS, after the paragraphs that were previously added in the September 12, 2005 response:

Figure 23 shows a plan view of a portion of the output side of a Fresnel lens with regularly distributed bumps having the same size and shape.

Figure 24 shows a plan view of a portion of the output side of a Fresnel lens with regularly distributed bumps having the same shape but different sizes.

Figure 25 shows a plan view of a portion of the output side of a Fresnel lens with regularly distributed bumps having different shapes.

Figure 26 shows a plan view of a portion of the output side of a Fresnel lens with randomly distributed bumps having the same size and shape.

Figure 27 shows a plan view of a portion of the output side of a Fresnel lens with randomly distributed bumps having the same shape but different sizes.

Figure 28 shows a plan view of a portion of the output side of a Fresnel lens with randomly distributed bumps having different shapes.

Figure 29 shows a perspective cross-section view of a portion of the output side of a Fresnel lens with regularly distributed bumps having the same size and shape.

Figure 30 shows a cross-section view of a portion of the output side of a Fresnel lens with randomly distributed bumps having different shapes.

Figure 31 shows a cross-section view of a portion of the output side of a lens with randomly distributed bumps having the same shape but different sizes.
